

## Priorities for 2008–09

1. Inform and drive policy development and service delivery
  - influence whole-of-government direction
  - manage active stakeholder research and engagement
  - deliver effective communication
2. Enable the work of divisions through efficient and cost-effective corporate services
  - human and financial resource management
  - planning and forecasting
  - performance management
  - information and communication technologies
  - knowledge management
  - governance arrangements for accountability and managing risk
3. Attract and develop a workforce for the future
  - drive the workforce management strategy
  - demonstrate organisational values, leadership and learning
  - deliver work-life balance, diversity and safe and healthy work practices.
